INTRODUCTION SKILL →

Introduction skill is a skill of how to begin a lesson. It is a technique of how to attract the children to learn new things. It is a teaching process done by teachers by making it more attractive and it helps to create good teaching environment. To give new knowledge about the topic and to see if the child remember anything about the topic. He should begin with asking very simple and basic question. It is a process of taking out all information about the topic from the children.
