### **GUIDANCE & COUNSELLING**

**DATE: 08.01.2023**

**“A poor teacher tells  
An average teacher explains  
A good teacher demonstrates  
And a great teacher inspires”**

This is a valuable quotation in the world. We have had inspiration from the great ‘Rishis’ like Swami Vivekananda Arbindo Plato, Radhakrishnan etc. They are the teachers of all time. They influence others by their consciousness and teaching.

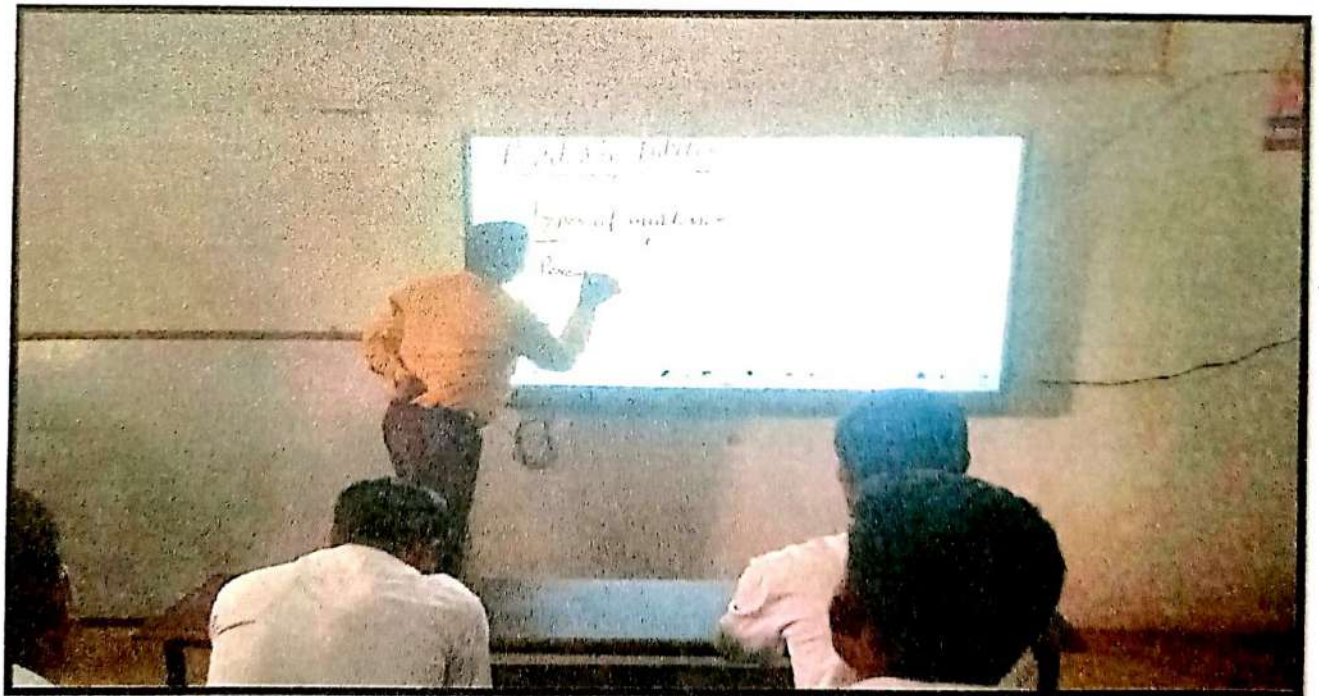

The term guidance is used in so many different ways. The true significance of the work of guidance in the college is often overlooked. The chief aim and purpose of the guidance are to help the pupil-teacher to understand himself, his needs, and his environment. Guidance is helping the pupil to become adjust to his present situation and plan his future in line with his interests, abilities, and social needs”.

So that is why our college has been organizing this type of program. So that the skill and motivation of the trainee teachers can be boosted.

## **GUIDANCE & COUNSELLING**

**DATE: 08.01.2023**

**“A poor teacher tells  
An average teacher explains  
A good teacher demonstrates  
And a great teacher inspires”**

This is a valuable quotation in the world. We have had inspiration from the great ‘Rishis’ like Swami Vivekananda Arbindo Plato, Radhakrishnan etc. They are the teachers of all time. They influence others by their consciousness and teaching.

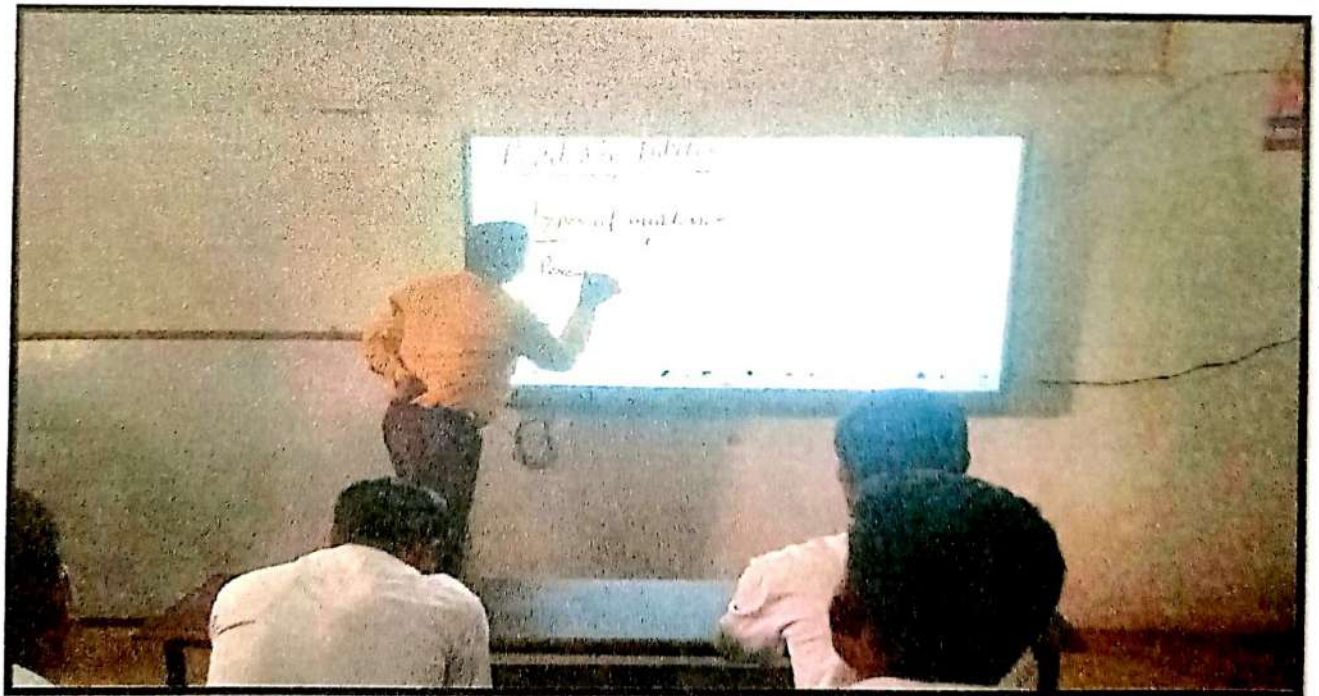

The term guidance is used in so many different ways. The true significance of the work of guidance in the college is often overlooked. The chief aim and purpose of the guidance are to help the pupil-teacher to understand himself, his needs, and his environment. Guidance is helping the pupil to become adjust to his present situation and plan his future in line with his interests, abilities, and social needs”.

So that is why our college has been organizing this type of program. So that the skill and motivation of the trainee teachers can be boosted.
